

Dear Sir,

The Government of Liberia through the Ministry of Agriculture appreciate the State Service of Ukraine on Food Safety and Consumer Protection (SSUFSCP), for the Communication to import egg products into Liberia. The requirement for the importation of animal and animal parts including egg is as follows.

1. Zoo-Sanitary Certification issued by State Veterinarian of Origin
2. Animal must not show any signs of disease or its products must be fit for consumption
3. The carcasses or processed products must satisfy requirements of articles contained in the zoo-sanitary code.
4. Free from any other contaminations
5. Tax payment receipt from the Liberia Revenue Authority(LRA)

The Director of Veterinary Services is the Authorized Signatory to Import and Export Permit with the Approved of the Deputy Minister of Technical Services of the Ministry of Agriculture in Liberia. Therefore, we highly honor the request for importation.

Thanks

Edward S. Fatoma
